

THE SCIENTIFIC REPORTS OF THE SAIKYO UNIVERSITY

AGRICULTURE NO. 2

Contents

The Effect of 2,4-D on the Microbial Action in Soils.....	S. MORITA and A. AOKI.....	1
On the Influence of Temperature to the Germination of Zoosporangia of <i>Phytophthora capsici</i> LEONIAN.....	K. KATSURA.....	5
Über die Förderung der Samenkeimung eingier Cuscuta-und verwandten Arten.....	I. ITO.....	10
Die Ökologische Untersuchungen über Streu fauna im Walde. Über Wald im Berggebiet, Kyoto Präfektur.....	M. IWAMURA.....	17
Note on the Methode calculating the Thermal Diffusivity of Soil from the Earth Temperature Observations.....	S. AZUMA.....	29
On the Adaptabilities of Winter Cereals to Transplanting. (I). A Note on the Ecological Characteristics of Transplanted plants.....	T. WATANABE.....	40
Studies on the Morphological Differences in Cucurbita. (VIII). Interspecific Differences of Stomata and Pollen.....	S. TAKASHIMA and Y. KOBASHI.....	50
(IX). Interspecific Differences of Bisexual Flower.....	S. TAKASHIMA and S. NARA.....	55
Studies on the Manufacture of Yeast for Medical Use. III.....	T. NAKAHAMA and Y. IWAHATA.....	61
Studies on Form of Iron and Iron-containing Material in Living Tissue. I. On the Determination of Iron and the Distribution of Iron in Vegetable Kingdom.....	M. KANAMORI.....	64
II. On the Form of Iron in Leaf and Increase and Decrease of Iron in the <i>Oryza sativa</i> L. on Various Kinds of Period of Growing.....	M. KANAMORI.....	75
III. On the Iron of Chloroplast.....	M. KANAMORI.....	84
IV. On the Iron-containing Protein of Horse Spleen..... M. KANAMORI, O. TANAKA, and J. NAKAGAWA		91
Studies on the Barley-growing between the Rows of Vegetables Crops.....	S. NARA.....	101
Control of Peach Pests using Paper Bags sprayed DDT Solutions. M. TOKUNAGA and M. TSUJITA		111
External Structure on the Larva and Pupa of the Cotton Pests, <i>Earias cupreoviridis</i> WALKER.....	M. TSUJITA.....	106
Studies on the Durability of Wood.—I Strength properties of Old Timbers. (Horyuji Temple construction timbers, <i>Chamaecyparis obtusa</i> END.)	J. KOHARA.....	116
Growth-comparison of "Kaigansho" (<i>Pinus pinaster</i>) with "Akamatsu" (<i>Pinus densiflora</i>) in Kyoto Prefecture	M. SHIGEMOTO.....	132
On the Breast Height Form Factor Table of "Hinoki".....	K. FUKUNAGA.....	139
